Dear Bill,

I just wanted to thank you all for the professional way you handled my problems with my motorhome. I know you were busy, but thanks to you I was taken care of completely. I also want to let you know that the technician, Al Herman was one of the most knowledgable person I have ever met. He was friendly, efficient along with knowledgable. Because of his effort I was able to get in and out while getting everything working. This is the way a business should be run. Thanks again.
