

MEET THE LEANER, MEANER, GREENER

BOLIY 3600Si

The Boliy 3600Si is a true Digital Signal Processing (DSP) inverter generator featuring an advanced high tech micro processor. The true DSP results in a power conversion rate 20% higher than comparable transistor induced technology inverter generators.

The voltage is constantly adjusted to maintain 120V by the computer inverter module while the lightweight compact design makes the Boliy 3600Si ideal for transportation and storage. Boliy digital generators are equipped with the unique on-demand smart-throttle, automatically regulating the engine speed according to the load. This results in 40% less fuel consumption when compared to traditional generators and extended running time as well.

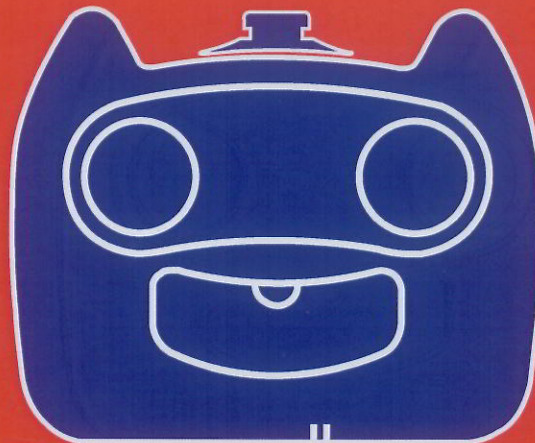

The Boliy engine also features special cylinder coating for strength and efficiency. Boliy digital inverter generators have a new two-tiered noise dampening system, consequently the dB emitted is 4 to 8 times quieter than conventional generators. This meets the new noise level standards that many states, municipalities, and state and national parks have adopted.

At only 75 lbs. with a built in RV 30 Amp receptacle, this generator provides portable, quiet, and efficient clean power to easily power a roof mount air conditioner or microwave.

- Lowest weight - 75 lbs
- Environmentally friendly
- DSP Inverter Technology
- On Demand Smart Throttle
- 25 Amp Circuit with 30 Amp RV Plug Standard
- 53 to 58 dB at 1/4 load
- Low decibel level

I generate 10% more power and weigh 50% less.

SPECIFICATIONS & DIMENSIONS

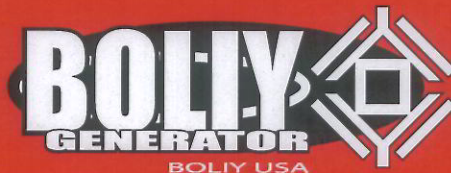

Overall Length (in)	23
Overall Width (in)	16.5
Overall Height (in)	18.5
Dry Weight (lb..)	75
Gross Weight (lb.)	78
Fuel Tank Capacity (US gal.)	1.9
Noise Level (1/4 load at 7m)	53-58 dB

GENERATOR

Rated Output (Watts)	3000 Watts
Max Output (Watts)	3300 Watts
Full Tank Output (Watts)	13,500
Run Time At 1/2 Rated Load	7.5 hours
Run Time At Rated Load	4 hours
Power Conversion Rate	85-92%
Rated Voltage (V)	120 North America / 230 Europe
Rated Frequency (Hz)	60 50
Rated Current (A)	25A at full Power
DC Output (12V/8A)	YES

WARRANTY

Consumer Use: 1st year parts & labor. 2nd year parts only.
Commercial Use: 1st year parts only.

Retail Price: \$1,199.00

Part number 1229.1000
