

Bringing In Your Current RV

We are excited about acquiring your current RV. When you bring it in to us, we need you to do a few things so we can confirm the condition of the vehicle and match it to the Valuation Guide (Appraisal Sheet) we completed with your help. Use this as a checklist.

The Night Before

Since we will be confirming the operation of the main components of your current RV, if you use this as a check list the night before, our inspection of your vehicle will be made easier.

- | | | |
|--|---|---|
| <input type="checkbox"/> Batteries charged | <input type="checkbox"/> LPG at least ¼ full | <input type="checkbox"/> Fresh Water Full |
| <input type="checkbox"/> Waste Tanks Empty | <input type="checkbox"/> Refrigerator On and Cold | <input type="checkbox"/> Keys and Manuals, Svc Docs |
| <input type="checkbox"/> 1/2 Tank of Fuel | <input type="checkbox"/> Hoses, Connectors, Remotes | <input type="checkbox"/> _____ |

The Day You Bring It Here

Please have sufficient fuel in your RV so we can take a test drive with you to confirm the operation of the Engine, Drive Train, Steering, Brakes, Suspension, etc. Here are some of the things we will want you to show us to confirm everything is in working order:

- | | | |
|--|--|---|
| <input type="checkbox"/> Engine | <input type="checkbox"/> Suspension | <input type="checkbox"/> Brakes |
| <input type="checkbox"/> Steering | <input type="checkbox"/> Exterior Lights | <input type="checkbox"/> Cab A/C / Heater / Defroster |
| <input type="checkbox"/> Radios & TV's | <input type="checkbox"/> Generator | <input type="checkbox"/> 110v Air Conditioner |
| <input type="checkbox"/> Water Heater | <input type="checkbox"/> Furnace | <input type="checkbox"/> Water Tanks & Pump |
| <input type="checkbox"/> Waste Tanks | <input type="checkbox"/> Refrigerator | <input type="checkbox"/> Range/Microwave |
| <input type="checkbox"/> Slide Out Rooms | <input type="checkbox"/> Leveling Jacks | <input type="checkbox"/> _____ |

When you arrive, let us know. We will have you show us how your current RV operates (every one is slightly different) so we will be able to help the new owner.
